

At TCR, we are game changers

**We have sailed
against the wind
and constantly
reinvented ourselves.
We have worked hard
to become industry
leaders but that does
not mean we take
our position for granted.
Our job is to look
into the future and see
TCR not as it is today
but what it can become.**

TCR Engineering Services, India: Transparency. Competence. Reliability.

Materials testing, non-destructive testing and asset integrity. Established 1973, Navi Mumbai.
