

#AlwaysLearning

We identify challenges before they become challenging

We're about pushing the limit of what is currently possible – towards completely new areas. At TCR, we are constantly learning and often are curious. We ask a lot of questions that help us spot problems that others often miss

**WHATEVER BE
THE PROBLEM,
BE A PART OF
THE SOLUTION**

TCR Engineering Services, India: Transparency. Competence. Reliability.

Materials testing, non-destructive testing and asset integrity. Established 1973, Navi Mumbai.
